#### Areas of Research and Publication

Dr. Sills is an experienced clinician and medical author with an extensive record of scholarship in peer-reviewed medical and scientific journals. He is among a select group of U.S. fertility doctors having published in *The Lancet*, *The New England Journal of Medicine*, and *JAMA*. Dr. Sills has treated a wide range of miscarriage and infertility patients in Europe and America, and maintains an active clinical interest in genetic assessment of embryos to improve pregnancy outcomes and avoid multiple gestation.
